

## Speaker Profile for Ishan

Ishan has a wealth of knowledge in the field of Operational Excellence (OpEx), working across six countries for nearly two decades, for multi-nationals such as Kellogg's and Arnotts.

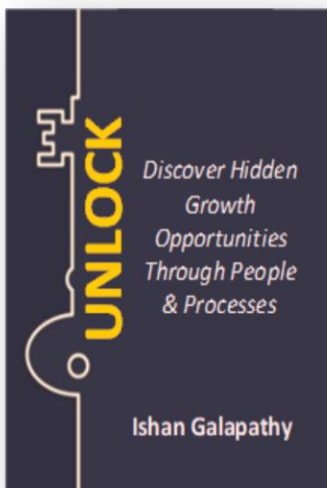

In his last corporate role, Ishan was responsible for Operational Excellence in Asia Pac for Kellogg's and was part of the global team that developed its global supply chain excellence program.

An author and a conference speaker, Ishan has also appeared on several media platforms sharing his knowledge on all things OpEX. When he's not working, you can find him playing backyard cricket with his sons or sipping a cup of coffee with his wife.

## Testimonials

"I had the pleasure of meeting and listening to Ishan recently, where Ishan was the speaker. It was an absolutely **thought provoking**, interactive and engaging **presentation**, where Ishan **drew upon his years of OpEx experience** in F&B manufacturing Industry, with examples from **many factories around the world** to illustrate his points. Ishan is very approachable, **articulate and passionate** about helping organisations unlock their hidden potentials via Continuous Improvement. I would **highly recommend** Ishan as a presenter for OpEx Thought leadership events." – *Shree Balachandran, Director, Sales Strategy, Oracle*

"We engaged with Ishan to present at one of our Thought Leadership Seminars. Ishan presented on OPEX excellence to a number of our key clients and the **presentation was excellent**. It was **insightful, informative** and **delivered in a professional and engaging manner**. The content was excellent and Ishan was able to draw on some of his own professional experiences as case studies. We received **extremely positive feedback from all the attendees** and I will certainly be hoping Ishan can present to our clients on a regular basis." – *Stephen Montague, Supply Chain Specialist, Six Degrees Recruitment, Sydney*
